### 2 BACKGROUND & OBJECTIVES OF THE PROGRAMME AND PRIORITY ISSUES

“ARTIVIST STAFETË” is a project funded under the grant for Support to Active Citizenship by the European Commission **and is funded by the European Union. The project is implemented locally** by OMSA Albania and ACT for Society Center, in partnership with Dutch organizations MasterPeace and Stichting art.1.

Based in Amsterdam, Stichting art. 1 is dedicated to the visibilization and inclusion of minorities through the arts. By providing trainings in activism and non-formal methodologies, the organisation seeks to provide tools and channels for sidelined voices to join mainstream narratives and democratic participation.

This project aims to (i) improve the environment for active citizenship and civic participation by providing civil society sector organizations (CSOs) with tools to grant marginalized groups and side-lined voices in Albania with instruments to infiltrate the mainstream narrative and democratic dialogue at a local, Albanian and European level. Furthermore, the project seeks to stimulate activism through capacity building, and by creating a nation-wide network of civil society organizations advocating for increased democratic representation of minorities. Therefore, the Artist

Stafetë Project **relates to several priority sectors and themes; specifically:** Democracy and government; Competitiveness and innovation;

Education, employment and social policies; Cross border cooperation and regional cooperation, as well as specific themes from the call, particularly Local democracy, decision making, elections and political participation; Access to quality local public services and policies for groups most at risk of vulnerability, including children and youth in the post-Covid-19 context; Human Rights (women, children, LGBTIQ+, minorities, elderly, non-discrimination, freedoms etc.); Employment, support to social businesses, inclusive education, particularly if related to post-COVID19 crisis; Justice, integrity, fight against corruption; and Local development.

The project will have both an online component as well as a physical component. Part of the latter, is the CREATIVE HUB, a multi-disciplinary space in which participants of trainings, CSO employees, and the general public can produce, disseminate and interact with the project's creative, intellectual and dissemination outputs and activities. As such, the CREATIVE HUB space is essential to the project's effective execution and successful completion. The space is projected as a meeting and mingling space for actors from the civil society sector, activists, artists and the general public.

All activities within the action are therefore geared towards strengthening the CSO sector by: 1) granting it theoretical/practical skills in cross cultural project management, thus facilitating collaboration and best practice exchange with prospective partners in the EU. 2) Granting practical skills in soft skill methodologies (podcast, film, storytelling, community work), related to creative expression and communication, thus facilitating actors in the field to bypass censorship and infiltrate the mainstream narrative, in turn increasing democratic representation.

#### **Target group description and respective needs and relevance of action:**

Target group 1: Local CSOs and grassroots active citizenship initiatives (CSOs)

Target group 2: Youth (18-30 year olds)

*2.1: Sub target Group :* As its name suggests, the Artivist Stafete project is anchored around the overarching methodology of activism: activism through the arts. Art is most often thought to be politically powerful because of its ability to reach new audiences in an intimate, sensorial way. We chose this methodology precisely given that our target groups (young women and young LGBTIQ+) are minorities in Albania, marginalised from the mainstream narrative. By granting the Albanian civil society sector with soft-skill methodologies embedded in activism, the project seeks to grant participating CSOs with added advocacy power through art. The project's intervention logic and activity rationale is anchored around the launch of online and offline creative hubs with one permanent space located in Tirana, Tirana Creative Hub. These physical and virtual spaces host a series of soft skill methodology trainings, including modules in cross cultural management (within the Artivism trainings).

**The total budget allocated for this Call for Proposals is EUR 75,000**

#### **Objectives of the programme and priority issues :**

##### ***Objective 1 .***

To strengthen and enhance the capacity of formally established CSOs and informal active-

citizenship grassroots groups and their collective influence on decision making by:

### 1.1 Fostering interconnection, cooperation, and synergy amongst a chain of key Albanian CSO's and

grassroots active-citizenship initiatives throughout the country.

1.2 Introducing CSOs to the power of activism and soft skill methodologies as tools with which to address cross-cutting topics and democratic concerns, particularly for our target groups (gender equality, urgent youth issues, and social inclusion, among others).

1.3 Enhancing dialogue between CSOs and their respective governmental institutions in order to set in motion and advocate for the development and implementation of bottom-up policies related to women and youth.

### ***Objective 2 .***

2.1 To engage, connect and empower youth and women through CSOs and grassroots active citizenship initiatives through: the activism methodology (activism through art), granting them non-formal tools with which to express and share their social, economic, and political concerns and ideals – thus empowering them to become active actors in policy-shaping and decision-making processes (on a local, national and EU level).

2.2 Creative Hubs: Physical and virtual locations in which our target audiences can employ their newly-acquired activism skills, producing outputs related to their most urgent democratic concerns and channeling them through their respective CSOs and grassroots organizations. Likewise, these spaces will host a calendar of active-citizenship activities: exhibitions, film screenings, 'Femme Salons' (female-led TedEx style talks), and activism-hackathons.

**Successful applicants will work in close collaboration with OMSA Albania and ACT for Society Center, implementing a monitoring and evaluation scheme for the CREATIVE HUB execution.**

### **Priorities**

The project is anchored around the crosscutting topics of 'engaging, connecting and empowering youth and women involved in CSOs and grassroots active citizenship initiatives,' with an added focus on the participation of minority Groups. Artist Stafetë Project relates to several priority sectors and themes; specifically: Democracy and government; Competitiveness and innovation; Education, employment and social policies; Cross border cooperation and regional cooperation, as well as specific themes, particularly Local democracy, decision making, elections and political participation; Access to quality local public services and policies for groups most at risk of vulnerability, including children and youth in the post-Covid-19 context; Human Rights (women, children, LGBTIQ+, minorities, elderly, non-discrimination, freedoms etc.); Employment, support to social businesses, inclusive education, particularly if related to post; COVID19 crisis; Justice, integrity, fight against corruption; and Local development. The current Call for Proposals seeks to support **civil society organisations that are willing to** engage as service providers to **our target groups including activities on advocacy, citizenship action as our main core of the**

## **Provisional selection**

After the evaluation, a table will be drawn up listing the applications ranked according to their score. The highest scoring applications will be provisionally selected until the available budget for this Call for Proposal is reached. In addition, a reserve list will be drawn up following the same criteria. This list will be used if more funds become available during the validity period of the reserve list.

Any rejected application will be replaced by the next best placed application on the reserve list that falls within the available budget for this Call for Proposals.

### **STEP 4: FINAL EVALUATION**

The applicants who have received the best assessment and score will be announced as winners by the Sub Granting Authority.

The Program Management Team gives final approval of the winning projects based on a ranking list coming as a result of:

- The administrative/eligibility assessment of the proposal;
- The evaluation of the proposed action.

The final Evaluation Report, including the results of the above, will be prepared and signed by each evaluation committee member, and will be sent to the European Union Delegation (EUD) for a “no-objection opinion”.

Once the “no-objection opinion” by the EUD is received, the applicants will be notified about the final results of the process.

### **STEP 5: NEGOTIATION AND CONTRACTING STAGE**

The Sub Granting Authority, prior to signing the contract, reserves the right to negotiate with the applicant in order to:

- Ensure cost efficiency of the action;

- Ensure a fair balance between operational and non-operational costs;
- Reflect real market costs;
- Reflect costs in accordance with proposed activities.

The points of negotiation should in no way change the substantial part of the proposed action, but rather be in line with the administrative/financial/HR/programmatic rules of the EU and of the Sub Granting Authority.

After reaching an agreement, the sub grant contract will be signed between the relevant applicant and the Master Peace .
